Money Management: Need some more information about managing your money? Want to start thinking about your finances in a new way? The workshop will cover the basics of:
• Cash management: budgeting, saving, and emergency funds
• Investment vehicles: from savings accounts to stocks and bonds
• Accumulation: compound interest, growing money over time
• Goals: The power of goal-oriented planning and funding strategies

February 12, March 12, April 9, and May 14 in the EMU Century Room A

Budgeting Basics, February 14 in the EMU Century Room A
Do you know where your money goes each month? Does it seem like you’re never able to get ahead? A thoughtful, well-conceived budget can help you track your spending your and help you reach your financial goals.

Investing Basics, March 14 in the EMU Alsea Room
We’ve all heard of people who make money in “The Market.” Some of us have tried, most of us have thought about it. This workshop looks at the basics of investing.

IRAs, April 11 location TBD
Most of us have heard the term IRA before, but how many of us really understand what it means? An IRA (individual retirement arrangement) can be one of the most powerful retirement tools available to you.

Evaluating a Job Offer, May 16 in the EMU Board Room
If you’re looking for a job, one of the most important decisions you will face is which offer to accept. We’ll look at how you can evaluate the offers you receive and some simple methods you can use to make the decision.
