1.0 GENERAL INFORMATION

About This Document

The purpose of this GDRS is to clarify information concerning Graduate Employee (GEs) offered by this GE hiring unit. The relationship between GEs and the University as a whole is governed by the Collective Bargaining Agreement (CBA) between the University of Oregon and the Graduate Teaching Fellows Federation. This GDRS details the specific relationship between GEs and this GE hiring unit.

This document does not apply to work-study, hourly student employees or other staff hired in this GE hiring unit.

About GE Tuition and Fees

Graduate Employees are required to maintain and complete a minimum of 9 graduate credit hours. GEs pay no tuition on the first 16 credit hours per term if their appointment is equal to or greater than .20 FTE and they complete the assignment at .20 FTE or greater. Graduate Employees must pay $140 of the mandatory fees set by the Oregon University System; fees are subject to change without additional notice. Details of GE and University contributions to these fees are contained in the current Collective Bargaining Agreement, Article 22.
About the Graduate Teaching Fellows Federation (GTFF)

All Graduate Employees (including administrative, research and teaching GEs) at the University of Oregon are represented by a union, the GTFF. Official membership is at the individual's discretion although payment of monthly dues or an equivalent is required under a fair share agreement. Levels of appointment and minimum salary levels for all graduate teaching appointments are subject to the provisions of the CBA between the GTFF and the University of Oregon. A link to the CBA and to this GDRS is provided in the GE appointment contract signed by each student who accepts a GE appointment.

The individual who shall oversee the implementation of this GDRS is:
Stephen W. Stolp, Executive Director

DATE OF THIS GDRS REVISION: 7/17/2020

Also in accordance with the CBA:

- GEs will be appointed year-to-year rather than term-to-term, whenever feasible. GEs are not employed term-by-term in order to determine whether they are adequately qualified for a GE position.
- Reappointments are not automatic, nor are they guaranteed.
- In the case of the continuation of a particular position, the same student may continue in (i.e., be reappointed to) the particular GE position without any new announcement of the position.

Appointments and reappointments will be based on evaluation of each candidate's qualifications with respect to eligibility criteria in section 3, as well as (A) general criteria for any appointment, (B) general criteria based on particular types of work assignments available within the GE employing unit and (C) specific criteria relating to the particular GE work assignment.

**(A) General criteria include (in no particular order):**

*Academic Credentials.* For incoming students, this is evidenced by previous degrees and grades, test scores, etc. For students currently enrolled in the department, candidates will be ranked based on academic achievement. Making satisfactory progress toward the degree is an eligibility criterion, not a criterion on which rank in the applicant pool is determined.

*Recommendations from academic or work supervisors.* Consideration will also be given for a positive working arrangement between a GE and the faculty person with whom the GE will work. While appointment or reappointment criteria may include the recommendation of the person who will act as the GE’s supervisor, the committee must give substantial consideration to the other appointment or reappointment criteria.

*Previous experience.* For teaching GE positions, having previously taught or taken the course where the GE position is offered. For non-teaching GE positions, previous employment or other experience relevant to the GE position available.

*Interviews.* Finalists will be interviewed and evaluated based on their performance and responses.

See the position announcements for details, but these may include:
The same experience or credentials as are required to be considered for a GE position with SSA.

Candidates will be rank-ordered based upon, first, the eligibility criteria in Section 3, and subsequently, the general, assignment type-related, and specific criteria referred to above. This applies to positions that become available outside the normal appointment cycle as well.

If no qualified students apply or are available for a particular position, the selection committee or department head may decide to reopen the application process for the position. Generally, same application process described in Section 4 and appointment/reappointment process described here will be repeated. However, the department reserves the right to proceed to fill the position as it would an emergency appointment. (also described in Section 4).

Performance of GEs in this employing unit are evaluated:
During spring term
At the end of the academic year for GEs appointed fall, winter and spring
At the end of the summer term for summer GEs

Evaluations are performed by:
Director of Academic Support, Executive Director, Office Manager/Tutor Coordinator.

The criteria used for evaluation include:
The requirements and criteria set forth in 3.0 above which are used in the hiring/selection decision; information provided from the GE's supervisor; and when applicable student-athlete evaluations.

6.0 WORKLOAD

Workload includes performance of all duties of the work assignment. For example, the workload for a teaching assignment would include preparation time, office hours and time spent interacting with students via email or Blackboard, etc., in addition to time spent actually teaching. In setting the workload (and thus FTE) for a particular GE position, GE employing units consider what constitutes a workload sufficient to perform the work assignment satisfactorily.

In this GE employing unit, GEs are most commonly appointed at the following full time equivalent levels (FTE) and corresponding total workloads:

.49 FTE (Up to 215 hours per term or up to 645 hours per academic year)

7.0 WORK ASSIGNMENTS

For various work assignments, the distribution of workload among various duties is considered to be reflective of average breakdowns within the normative standard of the total workload. The distribution of time actually spent on duties may vary from week to week, but the workload per term should be within the designated number of total workload hours. GEs are encouraged to track how they spend their work hours and to contact their supervisors early in the term if the distribution of time they are spending on individual duties varies widely from established expectations. This section sets forth expectations around duties for GE assignment types in this unit.

NOTE: Where the workload is broken down by work assignment duties and is designated as a "minimum" number of hours, the GE is required to fulfill that specific time commitment.

In this GE employing unit, duties for the following types of GE work assignments are as follows:

8.0 HEALTH AND SAFETY INFORMATION

Accident Reporting and Workers’ Compensation:

The University's Workers' Compensation Program is administered by the Office of Risk Management (ORM). If you have any questions about the program, please call 541-346-8912 or 541-345-8316.

All University of Oregon employees, including GEs, are covered by workers' compensation insurance through SAIF Corporation. This coverage is for occupational injuries, illnesses or diseases that arise out of or in the course and scope of employment.

The University has established procedures for reporting accidents and filing workers' compensation claims. They are intended to expedite claims processing and to minimize the possibility of delays in payment of benefits. If a GE is injured on the job, the GE must report it immediately to the supervisor. The supervisor will complete the Safety Incident or Accident Report (SIAR) with the GE. If, as a result of the accident, the GE requires medical care, a Workers' Compensation Claim Form (801) must be completed within 24 hours. If, due to the nature of the injury or illness, the GE is unable to complete the 801, the supervisor will submit it on behalf of the GE. Workers' compensation information and forms are available at http://orm.uoregon.edu/content/injury-reporting-and-workers-compensation.

Oregon laws prohibit discrimination or retaliation by an employer against an employee for filing a workers' compensation claim or a safety-related complaint with OSHA (Occupational Safety and Health Administration).

In addition to medical expenses related to the injury or illness, benefits provided by SAIF Corporation may also include temporary total disability payments if the GE is unable to work as authorized by an attending physician. These payments equal 66 2/3% of the GE’s average weekly wage (up to a maximum established by the Oregon Legislature). Mileage payments for medical appointments and prescription reimbursements are also examples of benefits provided by SAIF Corporation. Certain medical treatments, however, are subject to exclusion. The GE will be notified by SAIF Corporation of the rights and coverage when the claim is processed.

An injured GE who is unable to work may not receive both salary compensation from workers' compensation and sick leave or other pay when this results in the GE receiving more than their regular
monthly salary. Should this occur and payment is received from both sources, the GE must be prepared to repay any over-payments. If the GE believes there is some confusion about salary or workers' compensation benefits, contact ORM immediately.

ORS 659A.043 – 659A.052 describe reinstatement or reemployment rights for employees who have sustained a compensable occupational injury or illness.

Safety Information:
The University of Oregon Safety Policy may be found in the library, [http://policies.uoregon.edu/vol-4-finance-administration-infrastructure/ch-5-public-safety/safety-physical-space-and-environment](http://policies.uoregon.edu/vol-4-finance-administration-infrastructure/ch-5-public-safety/safety-physical-space-and-environment). The Office of Environmental Health and Safety (EHS) is responsible for the University's safety programs. For questions or information regarding any of these programs, contact EHS at 541-346-3192 or visit their website, [http://ehs.uoregon.edu/](http://ehs.uoregon.edu/). Safety concerns may also be submitted via an online reporting system on the Safety Advisory Committee website, [http://ehs.uoregon.edu/safety-advisory-committee](http://ehs.uoregon.edu/safety-advisory-committee).

Reporting Safety Hazards:
GEs who identify safety hazards and issues are encouraged to discuss them immediately with their supervisor. The following unit representative may also be contacted: Stephen W. Stolp, Executive Director; Dietrich Moore, Director of Academic Support.

Other resources on campus to report such information include the Office of Environmental Health and Safety, a Safety Advisory Committee representative or a GTFF union representative. Off-campus resources include the local OSHA office and the Bureau of Labor and Industries (BOLI).

Location of emergency procedures, evacuation plans, material data safety sheets (MSDS) and first aid supplies:

The location of emergency procedures and evacuation plans is inside the mailroom located on the first floor. The location of material data safety sheets (MSDS) are located with our facilities manager, Lynn Chase, located in Room 103 of the Jaqua Center. The location of first aid supplies is located in Room 227 of the Jaqua Center and is maintained by Anthony Burgess, Building Monitor; Shirley Brabham, Office Manager/Tutor Coordinator; and Kris Galago, Office Specialist.

9.0 SATISFACTORY PROGRESS TOWARD THE GRADUATE DEGREE

Because a GE appointment is the method by which departments can offer financial support to promising students in a graduate degree program and should be beneficial to the student’s development in that program, individuals appointed as GEs are regarded primarily as graduate students providing service as part of a learning experience, rather than solely as employees whose education is secondary.

The criteria used to assess satisfactory progress toward a graduate degree is the same for all graduate students in a particular graduate degree program, whether or not they hold a GE position. For GEs, satisfactory progress toward the degree is an eligibility requirement of GE appointment and reappointment. Each GE employing unit (employer) is responsible for verifying that the GE is making satisfactory progress toward their degree, whether or not the hiring unit is also the GE’s graduate degree program. The GE’s progress toward the degree is assessed based on criteria established by the GE’s graduate degree program, regardless of where the GE is employed.

Graduate School Minimum GPA: During the academic year, the Graduate School reviews academic transcripts of all graduate students holding GE appointments. The Graduate School will notify a GE’s graduate degree program if the GE’s academic performance during the appointment period falls below the Graduate School’s 3.0 GPA standard. The degree program will be asked to review the student’s progress toward their graduate degree and issue its approval before a GE reappointment can be made to that student.

This section describes satisfactory progress criteria specific to academic units that have graduate degree programs. In other types of GE employing units, the GE should refer to the GDRS for their academic program and/or inquire with the graduate program director or graduate coordinator/secretary.

This GE employing unit is: an administrative, research, or non-academic unit. Satisfactory progress is determined by each GE’s graduate program. See that program’s GDRS for more information.

The criteria used to assess satisfactory progress toward a graduate degree in this unit (department), along with the process by which satisfactory progress is assessed, can be found online or in another document:

Do not cancel a session without permission from Shirley Brabham. To the extent possible, provide the department with information about where you left off.

In the case that you are unable to directly notify the department, you may designate someone to make your notification and provide the necessary information to Shirley Brabham using this protocol.
